

June 17-19, 2026

Vienna, Austria

2026 ^{12th} International Conference on Computer Technology Applications

<https://www.iccta.net/>

2026 12th International Conference on Computer Technology Applications (ICCTA 2026) will be held during June 17-19, 2026 in Vienna, Austria, sponsored by FH JOANNEUM University of Applied Sciences, Austria.

ICCTA is the premier for the presentation and exchange of past experiences and new advances and research results in the field of computer technology applications. The conference welcomes contributions that promote the exchange of ideas and rational discourse between academicians, researchers, and industries all over the world.

Please submit your contribution and take a part in, to make ICCTA a successful event.

Publication Support

You are invited to submit manuscript to ICCTA 2026 Conference proceedings. Submitted paper will be peer reviewed by conference committees.

Submission Instruction

1. Full paper: Presentation and Publication
 2. Abstract: Presentation only
- Submission System:
<https://cmt3.research.microsoft.com/ICCTA2026> (.pdf only)
- Conference Proceeding Template:
Latex: <https://www.iccta.net/ieee-conference-latex-template.zip>
Word: <https://www.iccta.net/IEEEtemplate-word.doc>
- Note: Paper must be written in English;
Each contribution should be within 4-12 pages, each registration covers 6 pages, for extra pages, the fee will be charged.

Important Dates

Submission Deadline - February 5, 2026
Notification of Acceptance - March 5, 2026
Registration Deadline - March 20, 2026

General Program

Day 1 | June 17, 2026

Pre-test; Onsite Sign-in & Registration

Day 2 | June 18, 2026

Opening Ceremony; Keynote Speeches; Parallel Sessions

Day 3 | June 19, 2026

Parallel Sessions

Topics

Track 1: Software Engineering

Requirements Engineering
Software Architecture and Design
Modern Programming Techniques
Software Quality Assurance and Usability Issues

Track 2: Computer Applications

Operating Systems
Cyber-Physical Systems
Information Systems
Blockchain Technology

Track 3: Computational Intelligence and AI techniques

Algorithms and Protocols
Parallel and Distributed Computing
Big Data Analysis
Meta-heuristics Algorithms

Track 4: Smart Production

Business Digitalisation
IT-based Business Models
Advanced Process and Equipment Control
Mixed and Augmented Reality
